MANAGER
BUSINESS MAIL ENTRY

SUBJECT: USPS G-10 Mailing

U.S. Fish & Wildlife and the Postal Service have entered into a joint promotion of the Junior Duck Stamp program. A component of that joint promotion is the mailing of a resource guide which their field coordinators will be mailing with the Postal Service G-10 permit. This mailing will be entered on behalf of the United States Postal Service, Headquarters, Stamp Services group.

If the quantity mailed is less than the pre-sort requirement for a mailing statement, please accept these mailings as individual First-Class mail pieces. If the quantity requires a mailing statement, then the mailer should be prepared to complete the appropriate form.

Thank you for your help. If you have any questions, I may be contacted directly at (703) 292-3926, by fax at (703) 292-4183 or via email at david.e.failor@usps.gov.
